

CLIMATE RESILIENT WASH FINANCING MECHANISM (CRWFM) LOCALLY LED ADAPTATION (LLA) GRANT

Application Form

Please complete this form in full and attach all required supporting documents listed in Section G.

The purpose of the Locally Led Adaptation (LLA) Grant is to support locally-led climate actions, with particular emphasis on initiatives led / co-led by women and youth within the operational area

The Call for Proposals closes on 7th September, 2026 at 17:00 GMT.

Applications are also accepted electronically via email, addressed to the CRWFM Technical Committee, White Volta Basin Sub-Basin Committee or WaterAid Ghana.

Email us via crwfm@wateraid.org or WhatsApp on +233 (0) 509230383 for enquiries.

Incomplete applications will not be considered.

If you need support to complete this form to submit an application, please contact your local implementing partner organization or **Email us via crwfm@wateraid.org or WhatsApp on +233 (0) 509230383 for enquiries.**

Section A: Applicant Information

Name of Applicant (individual, group or organisation)	
Type of Applicant <i>e.g., Local youth entrepreneur, Women's group, CBO/NGO, VSLA, WSMT, WRMC, Local Water Committee, Sub-Basin Committee, MMDA, Small Water Enterprise, Individual, Other (Please specify.....)</i>	
Registration Status Registration Status <i>Firm:</i> legally registered/recognized in Ghana or evidence of partnership with a Ghana-registered organization. <i>Individual/informal group:</i> evidence of representation (e.g., support letter) Others (Please Specify.....)	
Contact Person and Position	
Phone Number(s)	
Email Address	
Physical / Postal Address	

Section B: Eligibility Self-Declaration

- ☐ The project will be implemented within, one of the five CRWFM districts (Bawku West, Nabdam, Bongo, Kassena-Nankana West, Kassena-Nankana Municipal).
- ☐ The applicant (if a Firm) is legally registered, OR (if an individual or informal group) can provide evidence of representation of the identifiable group at community, district, regional or national level.

☐ The applicant is not a staff member or volunteer with a decision-making role in the CRWFM grant process (Advisory Board, Technical Committee).

☐ Do you have a bank account in the name of the group or firm?

For individual applicants, the bank account must be accompanied by a letter of affiliation to a recognized institution.

☐ Do you have evidence of support including a communication (email to crwfm@wateraid.org or WhatsApp to **+233 (0) 509230383**) sent from the MMDA, Assembly Member, community leaders, institution of affiliation etc. showing support for the application.

Section C: Project Proposal

Project Title

Primary Location(s) of Activity

Alignment with LLA Grants Eligible Activity Type(s) (tick all that apply) and best describe this proposal (you may tick more than one):

- ☐ Construction, upgrading or rehabilitation of climate-resilient water supply infrastructure (e.g., boreholes, small piped systems, rainwater harvesting, community wells)
- ☐ Water conservation and efficiency technologies (e.g., water-saving devices, groundwater recharge, storage solutions)
- ☐ Small business start-up or expansion for climate-resilient WASH products and services by youth or women entrepreneurs
- ☐ Protection, conservation and restoration of watersheds within the sub-basin
- ☐ Climate-smart livelihood and livestock management linked to protecting community water resources
- ☐ Dry-season livelihood activities (e.g., small-scale vegetable farming) to sustain climate-resilient WASH practices
- ☐ Community tree planting and watershed protection (indigenous trees, catchment restoration, green buffers)
- ☐ Prevention of contamination or pollution of water resources from human, agricultural or industrial activities
- ☐ Other (please specify below).....

Problem Statement and Climate Rationale (Maximum 250 words)

Describe the WASH Problem your proposal seeks to address, demonstrating the climate rationale and how climate change and variability worsens the situation.

Project Objectives and Expected Outcomes (Maximum 150 words)

Methodology and Work Plan (Maximum 450 words)

Describe the approach, key activities and timeline.

Target Participants and Geographic Scope (Maximum 150 words)

Number of direct and indirect beneficiaries, disaggregated by sex and specific location(s).

Women's Leadership and Community Rootedness (Maximum 250 words)

Describe the leadership role of women and the involvement of affected communities, especially marginalized groups, in designing this initiative and subsequent implementation.

Sustainability, Replicability and Scalability Plan (Maximum 250 words)

Explain how the intervention will be sustained after the grant period, and how it could be expanded or replicated by other communities or groups.

Section D: Financial Information

Nature of Intervention (tick one):

- ☐ Non-revenue-generating intervention.
- ☐ Revenue or income generating intervention

Section E: Budget

Upload Detailed Budget

Indicate the amount requested from the CRWFM and any Co-financing / matching funds / In-Kind Contribution, where applicable.

Maximum amount that may be requested from the CRWFM: GHS 70,000.

Section F: Safeguarding and Declaration

I/We declare that the information provided in this application is true and accurate to the best of my/our knowledge. I/We confirm that this initiative does not involve, and will not be used for, any coercive, partisan-political, or non-democratic activity. I/We confirm that neither I/we nor any member of our team holds a decision-making role on the CRWFM Advisory Board, Technical Committee, or Peer Review Panel, and I/we will declare any relationship with a member of these bodies. I/We consent to due diligence checks, monitoring visits, and verification of the information supplied, and agree to comply with CRWFM safeguarding policies and reporting requirements if funded.

Name of Signatory:	Position / Role:
Signature:	Date:

Section G: Required Documentation (Upload these documents)

- ☐ Detailed Budget, Indicating the amount requested from the CRWFM and any self-contribution or co-financing, where applicable.
- ☐ 1-page document summarizing implementation capacity (key personnel, their roles, and relevant experience).

For Your Information: How Applications Are Reviewed

Applications are reviewed by the Sub-Basin Technical Committee for eligibility, and assessed on the quality, feasibility, and alignment of the proposed project with CRWFM funding priorities, including climate rationale, community ownership, sustainability, and value for money. When proposals are deemed as responsive technically, a community panel review sessions is organized for a presentation to the community for validation. If validated by the community, Funding recommendations will then be submitted to the Advisory Board (WVBWF Fund Management Committee) for final sign-off.
